Proxy Solicitation Matters

Purpose of Solicitation

This management Information Circular ("**Information Circular**") is furnished by the management of Cub Energy Inc. ("**Cub**" or the "**Corporation**") in connection with the solicitation of proxies by management of the Corporation for use at the annual and special meeting (the "**Meeting**") of holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held at Cub's corporate headquarters in Houston, Texas, Board Room, 5120 Woodway Drive, Suite 10010, Houston, Texas 77056, on Tuesday, May 14, 2019, commencing at 9:00 a.m. (Houston time), and at any adjournment thereof, for the purposes set forth in the accompanying notice of the Meeting and this Information Circular.

Appointment of Proxies

The enclosed proxy is solicited by and on behalf of management of the Corporation. The persons named in the enclosed form of proxy are officers of the Corporation. **A holder of Common Shares submitting a form of proxy has the right to appoint a person (who need not be a Shareholder of the Corporation) other than the persons designated in the form of proxy to attend and act for him or her at the Meeting. A Shareholder desiring to appoint some other person to represent him or her at the Meeting may do so either by inserting such other person's name in the blank space provided in the form of proxy or by completing another form of proxy.**

To be used at the Meeting, a completed proxy must be deposited at the offices of TSX Trust Company, 301 – 100 Adelaide St. West, Toronto, Ontario, M5H 4H1, not less than 48 hours (excluding Saturdays, Sundays and holidays in Ontario), before the time set for the Meeting or any adjournment thereof. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone, facsimile transmission or other electronic means by officers, directors or employees of the Corporation at a nominal cost. All costs in connection with the solicitation of proxies will be borne by the Corporation.

Voting of Proxies

All Common Shares represented at the Meeting by properly executed proxies will be voted (including voting on any ballot), and where a choice with respect to any matter to be acted on has been specified in the form of proxy, the Common Shares represented by the proxy will be voted in accordance with such specification. **In the absence of any such specification, the persons named in the form of proxy, who are officers of the Corporation, will, if named as proxy, vote in favour of the resolutions set forth in the accompanying notice of the Meeting.**

The enclosed form of proxy confers discretionary authority upon the person named therein with respect to (a) amendments or variations to matters identified in the notice of the Meeting and (b) other matters which may properly come before the Meeting or any adjournment thereof. As at the date of this Information Circular, management of the Corporation knows of no amendments, variations or other matters to come before the Meeting other than the matters referred to in the notice of the Meeting. If any such amendment, variation or other matter properly comes before the Meeting, the Common Shares represented by proxies in favour of management will be voted on such matters in accordance with the best judgment of the person named in the proxy.

Revocation of Proxies

A holder of Common Shares who has given a proxy may revoke it as to any matter upon which a vote has not already been cast pursuant to the authority conferred by the proxy. Subject to compliance with the requirements set forth in the following paragraph, the giving of a proxy will not affect the right of a holder of Common Shares to attend and vote in person at the Meeting.

A Shareholder who has given a proxy may revoke it at any time prior to the exercise thereof either by (a) signing a form of proxy bearing a later date and depositing the same with TSX Trust Company not less than 48 hours (excluding Saturdays, Sundays and holidays in Ontario) before the time set for the holding of the Meeting or any adjournment thereof, or with the chairman of the Meeting before any vote in respect of which the proxy is to be used shall have been taken, or (b) attending the Meeting in person and registering with the scrutineers as a Shareholder personally present.

Voting Shares and Record Date

The authorized share capital of the Corporation consists of an unlimited number of Common Shares. As at April 5, 2019 (the "**Record Date**"), there were 314,215,355 Common Shares issued and outstanding.

Common Shares

The holders of Common Shares are entitled to one vote per Common Share held at meetings of Shareholders, to receive dividends, if, as and when declared by the board of directors of the Corporation (the “**Board**”) and to receive pro rata the remaining property and assets of the Corporation upon its dissolution or winding up.

Record Date

The Board has fixed April 5, 2019, as the Record Date for the determination of Shareholders entitled to notice of and to vote at the Meeting and at any adjournment thereof. Shareholders of record at the close of business on the Record Date are entitled to such notice and to vote at the Meeting.

Only forms of proxy from registered Shareholders as of the Record Date can be recognized and voted at the Meeting. Persons who are beneficial holders of Common Shares as of the Record Date will be entitled to vote at the Meeting in accordance with the procedures established pursuant to Canadian Securities Administrators National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”).

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders, as a substantial number of Shareholders do not hold shares in their own name. Shareholders who do not hold shares in their own name (referred to in this Information Circular as “**Beneficial Shareholders**”) should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then in almost all cases those Common Shares will not be registered in the Shareholder's name on the records of the Corporation. Such Common Shares will more likely be registered under the names of the Shareholder's broker or an agent of that broker. In Canada, the majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Shares held by brokers or their agents or nominees can only be voted upon the instructions of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person.**

The Corporation is sending proxy-related materials directly to non-objecting Beneficial Shareholders under NI 54-101. Management of the Corporation intends to pay for intermediaries to forward to objecting Beneficial Shareholders under NI 54-101 the proxy-related materials.

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of Shareholders' meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. The form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is similar to the form of proxy provided to registered Shareholders by the Corporation. However, its purpose is limited to instructing the registered Shareholder (the broker or agent of the broker) on how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. (“**Broadridge**”). Broadridge typically prepares a machine-readable voting instruction form which is mailed to Beneficial Shareholders with a request that the Beneficial Shareholders return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (i.e. by way of the Internet or telephone). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting. **A Beneficial Shareholder receiving a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting - the voting instruction form must be returned to Broadridge or voting instructions communicated to Broadridge well in advance of the Meeting in order to have the Common Shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for purposes of voting Common Shares registered in the name of his broker (or agent of the broker), a Beneficial Shareholder may attend at the Meeting as proxyholder for the registered Shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and vote their Common Shares as proxyholder for the registered Shareholder should contact their broker or other intermediary well in advance of the Meeting.**

Quorum for the Meeting

At the Meeting, a quorum shall be two persons present in person, each being a Shareholder entitled to vote there at or a duly appointed proxyholder or representative for a Shareholder so entitled. If a quorum is present at the opening of the Meeting, the Shareholders present or represented may proceed with the business of the meeting notwithstanding that a quorum is not present throughout the Meeting. If a quorum is not present at the opening of the Meeting, the Shareholders present or represented may adjourn the Meeting to a fixed time and place but may not transact any other business.

Approval Requirements

All of the matters to be considered at the Meeting are ordinary resolutions requiring approval by more than 50% of the votes cast in respect of the resolution by or on behalf of Shareholders present in person or represented by proxy at the Meeting *except* the special resolution to amend the Articles of the Corporation to approve a prospective share consolidation up to 10:1. The special resolution to consolidate shares must be approved by a majority of not less than two-thirds of the votes cast in respect of the resolution by or on behalf of Shareholders present in person or represented by proxy at the Meeting.

Principal Holders of Voting Shares

Other than as disclosed below, to the knowledge of the Corporation's directors and executive officers, as at the date of this Information Circular, no person or corporation beneficially owns, directly or indirectly, or controls or directs voting securities carrying 10% or more of the voting rights attached to the issued and outstanding Common Shares of the Corporation.

One of the mandates of the Compensation, Nominating and Governance Committee is to assist the Board in the review

and approval of compensation matters. The Compensation, Nominating and Governance Committee makes specific recommendations regarding compensation of the Corporation's directors and the Chief Executive Officer ("CEO"), Chief Operating Officer ("COO"), Chief Financial Officer ("CFO") and General Counsel, Corporate Secretary and Chief Compliance Officer ("**Executive Officers**").

Objectives of the Compensation Program

The Corporation's compensation program has been designed to attract, retain and inspire highly qualified and motivated individuals, and to provide fair and competitive compensation in accordance with industry standards and with the individual's expertise and experience.

Overview of the Compensation Philosophy

The following principles guide the Corporation's overall compensation philosophy with respect to its Executive Officers:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, high-achievers;
- (b) calculating total compensation is set with reference to the market for similar jobs in similar locations;
- (c) an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and
- (e) the Corporation supports reasonable expenses in order that employees continuously maintain and enhance their skills.

The Board is given discretion to determine and adjust, year to year, the relative weighting of each form of compensation discussed above in a manner which best measures the success of the Corporation and its Executive Officers.

Compensation of all Executive Officers is based primarily on corporate performance, which includes achievement of the Corporation's strategic objective of growth and the enhancement of Shareholder value through increases in the stock price resulting from increases in reserves and production, continued low cost production and enhanced annual cash flow.

The Compensation Review Process

The form and amount of compensation payable to Executive Officers and directors is evaluated by the Compensation, Nominating and Governance Committee and is guided by the following goals:

- (a) compensation should be commensurate with the time spent by the executive officers and directors in meeting their obligations and reflective of the compensation paid by companies similar in size and business to the Corporation;
- (b) the Corporation's compensation program should fairly compensate and motivate the executive officers and directors; and
- (c) the structure of the compensation should be simple, transparent and easy for Shareholders to understand.

To determine compensation payable, the Compensation, Nominating and Governance Committee reviews compensation paid to executive officers and directors of companies of similar business, size and stage of development and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the executive officers and directors while taking into account the financial and other resources of the Corporation. Currently, the Corporation employs three Executive Officers, and an office manager at its corporate office, for a total of four employees. Given the reduction in staff, the Executive Officers have taken on more responsibilities.

Base Salary

In September 2013, the Compensation, Nominating and Governance Committee developed formal executive employment agreements for: (1) Mikhail Afendikov, Executive Chairman and CEO; (2) Patrick McGrath, CFO; (3) Cliff West, former COO; and (4) Rebecca Gottsegen, General Counsel, Corporate Secretary and Chief Compliance Officer (collectively “**Executive Employment Agreements**”). The Board finalized and approved the Executive Employment Agreements, effective January 1, 2014 (automatically renewing each year), which include base salary, and discretionary bonuses (which have never been awarded), stock options and RSUs. See “*Termination and Change of Control Benefits*.”

Salaries form the primary component of the Corporation's compensation program for its Executive Officers. Salary levels are determined with reference to market comparables for similar positions, as well as the performance of the executive, the individual experience and skills of, and expected contribution from, each executive, the roles and responsibilities of the executive and the financial resources of the Corporation. No increases have been granted to Executives since the inception of the Executive Employment Agreements; in fact, the CEO's base salary was decreased in 2016 from \$550,000 to \$330,000 and the CFO's base salary of \$225,000 annually was reduced to a consulting agreement earning CAD\$13,400/month.

Bonus Plan

No formal bonus program was established for 2018 and no bonuses were paid in 2018.

For 2019, the Compensation, Nominating and Governance Committee agreed not to establish any formal bonus criterion for 2019 and leave any bonus award to the discretion of the Committee and the Board.

Stock Option Plan

The Corporation has in effect a Stock Option Plan in order to provide effective incentives to directors, officers, senior management personnel, employees and consultants of the Corporation and to enable the Corporation to attract and retain experienced and qualified individuals in those positions by permitting such individuals to directly participate in an increase in per share value created for the Corporation's Shareholders. The Corporation currently has no equity compensation plans other than the Stock Option Plan and the Restricted Share Unit Plan (discussed below). The Stock Option Plan is an important part of the Corporation's long-term incentive strategy for its executive officers, permitting them to participate in any appreciation of the market value of the common shares over a stated period of time. The Stock Option Plan is intended to reinforce commitment to long-term growth in profitability and shareholder value. The size of stock option grants to officers is dependent on each officer's level of responsibility, authority and importance to the Corporation and the degree to which such executive officer's long-term contribution to the Corporation will be key to its long-term success. Previous grants of stock options are taken into account when considering new grants.

The Corporation is seeking re-approval of the Shareholders at the Meeting for its Stock Option Plan. The significant terms of the Corporation's Stock Option Plan are set out below under the heading “*Business to be Acted Upon at the Meeting – Annual Approval of Stock Option Plan*”. On December 8, 2016, the granted options to acquire an aggregate of 15,000,000 common shares of the Corporation to directors, officers, employees and consultants and on May 19, 2017 an additional 2,500,000 options were granted to the Corporation's new COO, Mr. Kendrick, and new Director, Mr. Booth. All options granted in prior years were voluntary cancelled in February 2015 and/or expired in May 2015.

Restricted Share Unit Plan

At the 2014 Annual Meeting of Shareholders, disinterested Shareholders approved the Restricted Share Unit (“RSU”) Plan, which provides an additional pay-at-risk component to compensation of employees, officers, directors and consultants in order to participate in the market appreciation of the Common Shares over an extended period, thereby enhancing the Corporation's ability to attract, motivate and retain qualified personnel and further aligning the interests of the Corporation's employees, officers, directors and consultants with those of the Shareholders. No RSUs were granted in 2018 and there are no outstanding, unvested RSUs.

Other Compensation Matters

Other than as specifically set forth above, the Corporation, at present, does not propose to pay any other long-term incentive awards to its executive officers. The Corporation at present does not propose to establish any supplemental executive retirement plans, pension plans or disability benefits for the directors or the executive officers.

Director Compensation

The current Board has four directors. The Board's director compensation policies provided that directors who are not also executive officers of the Corporation would be paid an annual retainer of CAD\$75,000 and CA\$25,000 fee for chairing a committee. From time to time, the Board, in its discretion, may also compensate directors with fees for their services on Board projects or special Committees of the Board. Board members are also eligible to participate in the Stock Option Plan and any other long-term compensation plans adopted by the Corporation from time to time. The Corporation will reimburse directors for all reasonable expenses incurred in order to attend meetings.

The Corporation maintains a director and officer liability insurance policy pursuant to which directors and officers are insured for liabilities which may arise from the conduct of their activities on behalf of the Corporation. The amount of insurance coverage is CAD\$15,000,000 per year, plus Side A -- Difference in Conditions (DIC) coverage of CAD\$5,000,000 per year at an annual total premium cost of CAD\$45,775.

Interest of Certain Persons in Matters to be Acted Upon

Management of the Corporation is not aware of any material interest of any director or nominee for director, or senior officer or anyone who has held office as such since the beginning of the Corporation's last financial year, or of any

associate or affiliate of any of the foregoing, in any matter to be acted on at the Meeting other than the election of directors.

Interest of Insiders in Material Transactions

Other than as disclosed in this Circular, there are no material interests, direct or indirect, of any insider of the Corporation, nominee for director, or associate or affiliate of an insider or a nominee for director, in any transaction or any proposed transaction within the three most recently completed financial years or during the current financial year that has materially affected or is reasonably expected to materially affect the Corporation.

On October 2, 2013, the Corporation extended and increased the line of credit with its 39.9% shareholder, Pelicourt Limited, to \$5 million at an interest rate of 9% payable semi-annually. The Pelicourt Loan expires on September 30, 2016. As of the date of this Information Circular, the Corporation has drawn down \$2 million of the line of credit to fund development efforts on the Rusko-Komarovskye ("RK") field in Western Ukraine. On November 14, 2014, an amending agreement was signed that deferred interest payments until December 27, 2015. Pelicourt notified the Corporation that it is having liquidity issues as a result of the September 22, 2014 National Bank of Ukraine resolution prohibiting the payment of cross-border dividends and will not be able to provide any further funding under the line of credit in 2015. On November 9, 2015, Pelicourt agreed to further defer interest payments on the Pelicourt Line of Credit until June 27, 2016, and principal payment until January 31, 2017. On November 15, 2016, the Pelicourt Line of Credit was revised with an effective date of February 1, 2017. The line of credit will be the \$2 million currently outstanding with no additional amounts available to be drawn down. The interest rate was amended from the current 9% to 12% effective February 1, 2017. The due date was extended from January 31, 2017 to January 31, 2019. In addition, Pelicourt was granted security over Gastek which indirectly owns the 35% interest in Kub-Gas. The security is available on an event of default and limited only to the amount owing on the line of credit including principal and interest. On November 12, 2018, Pelicourt and Cub entered into another new loan agreement under the same terms, but extended the deadline for the principal repayment of \$2,000,000 from January 31, 2019 to January 31, 2020.

On June 16, 2017, to help fund the purchase of the Nitrogen Rejection Unit in western Ukraine, the Corporation entered into a loan agreement with Kerry Kendrick, the Chief Operating Officer of the Corporation, whereby the Corporation borrowed US \$1million at an interest rate of rate of 6% per annum and payable monthly. The Corporation also issued 2.2 million common shares to Mr. Kendrick as a loan bonus. The loan will be repaid in four equal quarterly installments commencing September 30, 2018 and ending on June 30, 2019, and it is secured by Gastek's shares in Kub-Gas. As of December 31, 2018, the first two quarterly installments (\$250,000 per quarter) were paid and the remaining two quarterly payments are due on March 31, 2019, and June 30, 2019.

Corporate Governance Disclosure

Cub's Board considers good corporate governance to be central to the effective and efficient operation of the Corporation. The Canadian Securities Administrators have published guidelines for issuers to consider in developing their own corporate governance practices. Annual disclosure of those practices is required. The Corporation's corporate governance practices are set forth below.

Board of Directors

The Corporation currently has four directors, three of whom are independent. The definition of independence used by the Board is that used by the Canadian Securities Administrators. A director is independent if he or she has no direct or indirect material relationship with the Corporation. A "material relationship" is a relationship which could, in the view of the Board, be reasonably expected to interfere with the exercise of a director's independent judgment. Certain types of relationships are by their nature considered to be material relationships.

Directors, Frank Mermoud, Tim Marchant and John Booth are independent. Mikhail Afendikov is not independent because he is the Executive Chairman and Chief Executive Officer of the Corporation.

The Board exercises its independent supervision over the Corporation's management through a combination of formal meetings of the Board as well as informal discussions amongst the Board members. The independent directors can also hold scheduled meetings at which non-independent directors or members of management are not in attendance. Where matters arise at Board meetings which require decision-making and evaluation by independent or non-management directors, the meeting breaks into an *in camera* session among the independent or non-management directors.

Directorships

Certain directors are also directors of other issuers that are reporting issuers (or the equivalent), as follows:

Director	Other Directorships	Stock Exchange Listing
Tim Marchant	Vermilion Energy Inc. Valeura Energy Inc.	Toronto Stock Exchange Toronto Stock Exchange and New York Stock Exchange
John Booth	Laramide Resources European Electric Metals Genius Metals Cerro de Pasco Resources	TSX Venture Exchange and Australian Securities Exchange TSX Venture Exchange Canadian Securities Exchange Canadian Securities Exchange
Frank Mermoud	Iofina PLC	AIM London Stock Exchange

Orientation and Continuing Education

The Board has established the Compensation, Nominating and Governance Committee. The Compensation, Nominating and Governance Committee, with the assistance of the management of the Corporation, is responsible for providing orientation to new directors. Director orientation and ongoing training includes presentations by senior management to familiarize directors with the Corporation's strategic plans, its significant financial, accounting and risk management issues, its compliance programs, its principal officers and its independent auditors. In 2013, the Corporation joined the Institute of Corporate Directors (“ICD”) and provided memberships for all directors. Through ICD, directors have access to regular newsletters and seminars that provide regulatory updates and best governance practices.

Ethical Business Conduct

In 2013, the Corporation implemented a Code of Business Conduct and Ethics Policy, as well as a Business Integrity Policy, including anti-retaliation provisions for whistleblowers. These policies provide guidance on the conduct of the Corporation's business in accordance with high ethical standards and help mitigate the risks posed by exposure to foreign corrupt practices. Directors, officers, employees and consultants are asked annually to certify their review of, and compliance with, the policies. Also, these policies are posted on the Corporation's website (in both English and Ukrainian languages). Currently, the management and staff of the Corporation have extensive experience with global operations and are aware of the requirements of the foreign corrupt practices regulations and how to operate within those regulations in laws in the jurisdictions relevant to the operations of the Corporation.

Additionally, the skill and knowledge of Board members and advice from counsel ensure that directors exercise independent judgment in considering transactions and agreements in respect of which a director or officer has a material interest. Directors and officers are required to disclose dealings in any of the geographic areas in which the Corporation operates. They are also subject to the general obligation under corporate law to disclose and not vote on any material contract or transaction with the Corporation in which the director or officer has an interest.

Nomination of Directors

When a Board vacancy occurs or is contemplated, any director or officer may make recommendations to the Compensation, Nominating and Governance Committee as to qualified individuals for nomination to the Board.

In identifying new candidates, the Compensation, Nominating and Governance Committee will take into account the mix of director qualifications and experiences, perspectives and skills appropriate for the Corporation at that time.

Compensation

The Compensation, Nominating and Governance Committee receives recommendations from the management of the Corporation and reviews and makes recommendations to the Board regarding directors' fees and the granting of stock options or RSUs to directors of the Corporation. Directors may be compensated in cash and/or equity for their expert advice and contribution towards the success of the Corporation. For further discussion on the director compensation review process, see "*Executive and Director Compensation – Compensation Discussion and Analysis -- The Compensation Review Process.*"

Other Board Committees

The Board also has a Reserves Committee, which is comprised of Messrs. Tim Marchant (Chair), Frank Mermoud and John Booth. The Board functions as a whole to deliberate on other matters.

Assessments

The Compensation, Nominating and Governance Committee is responsible for evaluating the effectiveness of the Board, committees of the Board and individual directors based on their individual competencies, skills, personal qualities and contributions made to the Board. The Compensation, Nominating and Governance Committee, with the participation of senior management of the Corporation, may recommend changes to enhance Board performance in light of the Corporation's circumstances, business strategies and applicable regulatory requirements.

The Articles of Amendment of the Corporation be amended by consolidating the issued and outstanding Common Shares of the Corporation by changing every 10 of the issued and outstanding Common Shares into one Common Share and any resulting fractional share entitlement remaining after conversion that is less than one-half of a Common Share will be cancelled and each fractional Common Share that is at least one-half of a Common Share will be rounded up to one whole Common Share;
2. If the Consolidation referred to in paragraph 1 above is not acceptable to the Director under the CBCA or to the TSXV or is not suitable to achieve the Corporation's objectives, the Board is hereby authorized to change the ratio upon which the Common Shares will be consolidated to one which is acceptable to the Board, the Director of the CBCA and the TSXV, provided such ratio is less than the ratio referred to in paragraph 1, and upon such determination by the Board, the resolutions in paragraph 1 above shall be deemed to be amended accordingly;
3. If the Board should resolve after the passing of this special resolution that it would not be in the best interests of the Corporation to proceed with the Consolidation, then this special resolution shall thereupon be of no further effect; and
4. Any director or officer of the Corporation is hereby authorized and empowered, acting for, in the name of and on behalf of the Corporation, to execute or to cause to be executed, under the seal of the Corporation or otherwise, and to deliver or to cause to be delivered, such other documents and instruments, and to do and to cause to be done, such other acts and things as in the opinion of such director or officer of the Corporation may be necessary or desirable in order to carry off the intent of the foregoing resolution and the matters authorized thereby, such determination to be conclusively evidenced by the execution and delivery of such document, agreement or instrument or the doing of any such act or thing."

Management recommends that you approve the consolidation, as it will provide the Corporation with increased flexibility. A share consolidation does not change a Shareholder's proportionate interest in the Corporation.

Unless the Shareholder has specified in the enclosed form of proxy that the shares represented by the proxy are to be voted against the resolution, the management representatives designated in the enclosed form of proxy intend to vote such shares, on any ballot that may be called for, in favour of the special resolution to amend the articles.

The actual articles of amendment will be consistent with any determinations made by the directors of the Corporation as described above and may be comprised of one or more articles of amendment. On receipt of each articles of amendment, the Director will issue a certificate of amendment.

5. Annual Approval of Stock Option Plan

Shareholders initially approved the Corporation's amended and restated Stock Option Plan on July 12, 2010. It provides that the Board may grant options to directors, officers, key employees, consultants and, if applicable, management company employees for the purchase of Common Shares at prices determined in accordance with TSX Venture Exchange rules. The Stock Option Plan is a "rolling" option plan, meaning that the number of additional Common Shares that may be reserved for issue on the grant of options (including RSUs) is a maximum of 10% of the issued and outstanding Common Shares from time to time. As at the Record Date for the Meeting, 1,224,548 RSUs of the Corporation were outstanding to Mikhail Afendikov, as discussed under the heading "*Executive and Director Compensation – Restricted Share Unit Plan*".

The maximum amount of stock options and RSUs that may be granted must not exceed 10% of the total number of Common Shares issued and outstanding (on a non-diluted basis) and the aggregate number of stock options (and RSUs) granted in any 12-month period to any one person cannot exceed 5% of the total number of issued and outstanding Common Shares (on a non-diluted basis). Conditions relating to the vesting and expiry of stock options are set by the directors at the time of granting, however, stock options must expire no later than ten years after the date of grant. The Stock Option Plan is in accordance with the applicable policy of the TSX Venture Exchange.

The TSX Venture Exchange requires that all listed companies with a 10% rolling stock option plan obtain annual Shareholder approval of such plan.

Shareholders will be asked at the Meeting to vote on a resolution to approve the Stock Option Plan for the ensuing year. The resolution must be passed by a simple majority of the votes cast with respect to the resolution by Shareholders present in person or by proxy at the Meeting.

In the absence of contrary instructions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the resolution approving the Stock Option Plan of the Corporation for the ensuing year.
